

DAILY DEMOCRAT.
PRINTED AND PUBLISHED BY
Harney, Hughes & Co.,
EAST SIDE OF THIRD STREET,
BETWEEN MARKET AND JEFFERSON.

TUESDAY OCT. 19, 1858.

READ.—The attention of dealers in cigars are respectively invited to the large stock just received by Charley Melville, which he will dispose of at wholesale for very low figures.

Also just received a lot of fine walking canes, purses, pocket books, pipes, and a genuine article of Turkish tobacco and cigars. The above assortment of goods will be sold low, at wholesale or retail. Call and examine this lot of goods before purchasing.

ESQ.—Sunday afternoon, three lads of this city went up onto the river in a skiff, to enjoy a ride. Not being very careful, they fell down among the rocks at the head of the falls. Getting out to drag the skiff off the rocks, they lost it, and the current carried it away, leaving them, as one of them says, each on a little rock, not large enough to turn around on. They tried to wade ashore, but the current was too strong, and they shouted for help. Not until long after dark, were they rescued from their dangerous position—then by some one who, passing along on the Indians shore, heard their shouts. Boys should be careful about the falls.

ESQ.—Messrs. S. G. Henry & Co. have a large cash sale, by order of assignee, this (Tuesday) morning, at ten o'clock, at auction room, of a very extensive stock of fall and winter gloves, and gents' extra fine merino shirts and drawers, and ladies' and misses' superfine merino vests. At twelve o'clock an evensong of cassimere coats, and pants will be sold. The attention of clothing merchants is called to this sale; also, our city dry goods dealers.

ESQ.—We made a foolish mistake in our Sunday edition, in reporting a case as the "Commonwealth against H. Lyons, trustee of the jury fund." So far from the Commonwealth having anything against Mr. Lyons, it is very much obliged to him for serving faithful for many years as one of its clerks. It should have been that H. Lyons, as trustee of the jury fund, made a report and tendered his resignation.

ESQ.—Our readers will not forget Mr. Spencer's large sale at No. 1 New Orleans Sugar, and other goods, this morning, at 10 o'clock. Mr. S. informs us that in addition to the goods advertised, he will sell twenty packages Lake Trout and Pickerel. Buyers cannot spend their time to better advantage than attending this sale.

THE PATENT CANE DOUBLE SEAT CHAIR.—We learn that Messrs. John R. Cannon & Co. are daily receiving orders from all quarters for their patent cane double-seat chairs. They are the cheapest, neatest, and most durable chair for general use that is manufactured. We saw, while at New Albany yesterday, a very large lot, which we learn from Mr. Cannon, are sold, and waiting to be shipped at the first rise in the river. All orders sent to J. R. Cannon & Co., either at New Albany, or to this city, will be promptly filled by this enterprising firm.

THEATER.—The Mariana of Miss Susan Den in last night, was a very excellent personation. We think she has much improved since last—she has gained more force and intensity, with greater ease and repose; she has acquired many of the good points of the quiet school, and as she has a good voice, well modulated, and controlled, and graceful action, her performances are always characterized by great excellency.

This evening she has generously offered a benefit to Valetta Lodge of the Sons of Malta, on which occasion she will appear as Parthenia, also in a new afterpiece entitled Sons of Malta. As the house will be crowded, those who wish good seats, should secure them early.

To-morrow evening a new five-act play by the author of the Prince of Good Fellows, will be produced, and we have no doubt will take well.

GERMAN THEATER.—Mozart Hall was crowded again last night, to witness the performance of "Precious, the Gipsy Girl." Judging by the first two acts, it is an excellent play, and will bear repetition. Mrs. Otto's performance of "Precious," was a very pretty piece of acting. Her Holzhauser's "Alouzo," was very excellent, and the other parts were well sustained.

To-morrow evening, the second part of the "Wandering Jew" will be performed, and we look for another crowded house.

"U" We learn that at Miss Susan Den's benefit, which will take place on Thursday night, Miss Dora Shaw has kindly volunteered to play, and she will appear as "Camilie," supported by Miss Denin as "Armand." We hope to find a crowded house, for the public know that both are actresses of very great excellency.

FURNITURE WORKROOM.—See advertisement of Mr. J. F. Thompson: he has opened a store on Sixth street, near Market, where he keeps a general assortment of furniture. He also does all kinds of repairing, buys and sells second hand furniture, &c. He is a clever gentleman and a good mechanic, and does his work at low prices.

KIDNEY FEVER.—For drunkenness yesterday. The larks our wild youths sometimes have, seemed to be all spilt. The lurkers are reported to have been seen spitting, and the con sequence was tobacco juice.

SURRENDER OF CORNWALLIS.—This day is the anniversary of the surrender of the British army under Lord Cornwallis, and should by right be considered a national holiday. One of our military companies had determined to celebrate the day, and calls for a meeting of its members at the armory. See advertisement of Citizen Guards.

THE BALLOON RACE.—The great balloon race, between Mons. Godard and Professor Stein, took place yesterday from Cincinnati. Mr. J. C. Beaman also went up in a third balloon. The excitement in Cincinnati is very great.

BELL CREVAISE.—The City of Jefferson Journal of yesterday, says the crevaise at Bell's is now being closed by a very large dyke of earth. The new levee extends to within a few yards of the Opeopean railroad track, including the sugar-house which Mr. Bell is now having demolished. In base is to be sixty feet, by an altitude of between eleven and twelve feet.

THE SALE OF OIL PAINTINGS AT THE MASONIC HALL, will be continued to-night, (Tuesday), at seven o'clock. Mr. Henry's orders are to close out the entire catalogue; no master what they bring. A number of beautiful pictures remain unsold. Call and inspect them before the sale.

THE WEATHER YESTERDAY WAS WARMER THAN IT HAS BEEN IN LOUISVILLE FOR SOME TIME. Great costs and mowers went down.

THE CITY IS VERY DUSTY. Loufers yesterday looked like milers earning their meal.

JOHN AND MICHAEL DUNKIN were arrested in Bloomfield, Ky., for stealing a watch, and brought to the city, by James Turner.

River Intelligence.

RIVER AND WEATHER.—The river was falling slowly last evening, with three feet five inches water in the canal. Business on the levee yesterday was very dull, not a boat at the wharf. The weather has been very pleasant since Saturday, and gives indications at present of continuing so.

We are indebted to the officers of the John Gault, for a copy of her manifest and memorandum.

The John Gault, Capt. J. Bruce, will leave this afternoon, at 4 o'clock, for Cairo, and will take freight and passengers for Memphis, Vickburg, New Orleans, &c.

BUSSES.—The Superior came in from Cincinnati with 12 bbls whisky, 17 bbls, 7 half bbls, and 3 drums fish, 36 lbs malt, 5 bbls liquor, 10 bbls iron, 12 horses, 150 pgs sundries.

NEWS.—The Pittsburg Journal of Saturday says:

Last evening at twilight there were three feet six inches water in the channel and falling. The weather during the day was fair, and a pleasant change from the previous days of rain. A number of boats are still loading. There will, however, be no departures until we have more water, if we except the Brownsville, Elizabeth and Wheeling packets.

The steamer Cheveron was late running up yesterday; she managed to leave, however, new boat dropped down to the landing to receive the finishing touch from our arizans.

The St. Louis papers of Saturday furnish the following items:

The river here continues to fall steadily. The river is six feet east in the channel to Cairo, according to last report. There is no doubt that the river is becoming very bad. The Illinois river is reported rising at La Salle, with five feet near the bars to the mouth. Boats on that river have been loaded.

We are gratified to learn that the Samuel Gault, steam clerk of the steamer David Tatman, died on board that steamer, on her last trip up the Missouri. Mr. Gault was unwell when the boat left port, and died very suddenly before the Tatman reached Boonville, where his family reside. His body took a direct route to St. Louis, and Mr. Gault had his last insured in a New York office for \$6,000.

The steam Young Sam arrived from La Salle yesterday morning in a damaged condition, and one day behind time. On the way down, she ran on a log at Grand Pass, which knocked two holes in her hull. She was unable to get a log out, and brought her cargo into port after a day's detention. She will go on the docks for repairs.

The Altona which came along some time afterward, was so nearly proved fatal to the Sam Young, that she was detained twelve hours by the accident, but suffered no damage, either to boat or cargo.

The officers of the David Tatman, from the Missouri river yesterday, report the Carrier badly sunk, and her condition becoming worse every day. The Submarine No. 6, is on her way up to her assistance. From all accounts, we fear the Carrier will not be saved.

MEMORANDA.—Steamer John Gault, J. H. Bance, Master, left Louisville, Saturday evening, Oct. 9th, at half past 4 o'clock. MONDAY, Oct. 18.

ARRIVED.—Superior, Cincinnati; Charles Rogers, Cincinnati.

DEPARTED.—Superior, Cincinnati; Julian, Owensesboro; Minnesota, Cairo; Charles Rogers, St. Louis; Hudson, Cincinnati.

FINANCIAL.

MONDAY, Oct. 18, '58.

The money market remains dull. In bank, money is at a good paper, but is not to be had on the street at any price. Thus far the fall trade has been very light, and must continue so, unless a rise in the river relieves us. Our rates remain unchanged.

FURNITURE WORKROOM.—See advertisement of Mr. J. F. Thompson: he has opened a store on Sixth street, near Market, where he keeps a general assortment of furniture. He also does all kinds of repairing, buys and sells second hand furniture, &c. He is a clever gentleman and a good mechanic, and does his work at low prices.

Wooden Water Pipes more Durable than Lead, if laid Deep Enough.

Some wooden pipes laid down for conducting water at Springfield, Mass., appear to demonstrate the fact that they are more durable, if laid deep enough, than pipes made of lead. This is to lay them at some depth, as to prevent attacks by insects. In sandy porous earth lay them six feet deep; in compact soil four feet deep, and in peaty or swampy soil three feet deep. In one place heavy lead pipe was laid through a wet meadow, and it required repaving four years, and had to be lifted in ten. It was replaced by a wooden pipe, which has lasted twenty years in use, and are in good condition yet. The aqueduct pipes which supply Springfield with water have been in use fourteen years, and are still in good order. They are bored logs, the opening being seven inches in diameter, and charred on the inside surface by forcing flame through them. The charing of these wooden pipes or boards has a wonderful effect in preserving them from decomposition.

It is undoubtedly true that timber sink deep enough beneath the surface of the earth, and kept from contact with the air, endures for centuries. Cedar logs taken from the Jersey swamps in winter, when perfectly green, and sound, are found to be fresh and strong. Wooden pipes are cheaper than those of metal, and are preferable on account of the unpleasant taste that lead gives the water.
